

**ПОСОЛСТВО НА РЕПУБЛИКА БЪЛГАРИЯ ВЪВ ВАРШАВА
AMBASADA REPUBLIKI BUŁGARIİ W WARSZAWIE**

Pod koniec sierpnia 2007 r. przyjechałem wraz z rodziną do Polski, by rozpocząć pracę w Ambasadzie Republiki Bułgarii w Warszawie. Musiałem szybko wejść w rytm pracy, początkowo jako konsula, a po miesiącu jako attache prasowego. Jednocześnie córka moja pragnęła rozpocząć 1 października studia na Uniwersytecie Warszawskim, nie chcąc tracić całego roku na naukę języka polskiego w Lublinie. Przed przyjazdem ukończyliśmy kurs języka polskiego przy Uniwersytecie Sofijskim, w wymiarze 60 godzin. Przeprowadziliśmy również rozeznanie odnośnie możliwości szybkiego przyswojenia sobie języka polskiego. Koledzy w Ambasadzie wskazali nam prywatną szkołę językową, w której wówczas pracowała Pani Anna Wojtasiak i która prowadziła ich zajęcia z języka polskiego. Bardzo wysoko oceniali umiejętności przekazywania wiedzy Pani Anny Wojtasiak. Istotnym argumentem była również informacja, że biegle włada ona językiem angielskim i rosyjskim. Zgodnie z rekomendacjami moich kolegów wybraliśmy wskazanego nam wykładowcę i ukończyliśmy miesięczny, intensywny kurs języka polskiego, który okazał się wystarczający, by moja córka rozpoczęła naukę na Uniwersytecie, a ja jako attache prasowy w Ambasadzie. Kontynuowaliśmy naukę do końca roku szkolnego i przez miesiące letnie. Jesteśmy wyjątkowo zadowoleni metody nauczania i bardzo wdzięczni Pani Annie Wojtasiak za wiedzę, którą nam przekazała.

Kurs języka polskiego ukończyła również moja małżonka Tsanka Milanova, która również wysoko ocenia naukę języka polskiego pod kierunkiem Pani Anny Wojtasiak.

Quando son arrivato qui in Polonia per la prima volta, ormai circa un anno fa, di polacco non capivo assolutamente nulla. Sapevo che con l'inglese sarei sopravvissuto, ma mi son reso conto rapidamente che senza parlare la lingua del posto avrei avuto grosse difficoltà ad integrarmi veramente. Così ho iniziato a cercare il modo migliore per risolvere tale "problema", e son capitato proprio su questo sito web. Preso contatto, ho iniziato il corso. Ed in Ania ho trovato una validissima insegnante, al tempo stesso esigente e disponibile, professionale e simpatica. Le sue son veramente lezioni di polacco, e giustamente le tiene esclusivamente in polacco. Superato il primo impatto, mi son reso conto che è un metodo che rende, anche se sicuramente è impegnativo tanto per chi insegna quanto per chi impara. Ma se si evita di metter di mezzo l'inglese, salvo in caso di assoluta necessità, i progressi son sicuramente molto più rapidi. Ed ora ho la soddisfazione di parlare con la gente di qui, e vedere che loro mi capiscono! Bella e complessa è la cultura polacca, come bella e molto complessa è questa lingua, e difficilmente si possono imparare in un solo anno. Ma se si segue la strada giusta, si potrebbe anche scoprire che non son poi così ostiche come appaiono all'inizio... A qualcuno che stesse cercando un modo per avvicinarvi ad entrambe, io non esiterei a consigliare la guida di Ania.

When I came to Poland for the first time, about one year ago, I couldn't speak any single word in Polish. I knew I could survive with my English, but soon I realized that without a bit of knowledge of the local language it'd have been highly difficult to really become part of this reality. So, trying to find out the best way to solve this problem, I came across this very website. After the preliminary contacts, I started the course. And I found out that Ania is a very good teacher, at the same time exacting and available, professional and nice. And hers are really polish lessons, held almost entirely in Polish. When I overcame the first impact, I realized that her method is really effective, though quite requiring both for teacher and for student. But without the continuous support of the English language (but when absolutely necessary) the progresses in the Polish language are surprisingly fast. And now I have the big satisfaction of speaking with local people and realizing that I'm being understood! Polish culture is nice and complex, as well as nice and really complex is Polish language, which you could hardly really learn in just one year time. But following the correct way, you could eventually find out that they're also not as irksome as they might look like at the very beginning... If you're looking for a path to get closer to real Poland, I'd suggest Ania's guide with no hesitation at all.

Taking private Polish language lessons with Anna Wojtasiak was a good experience for me.

Anna is very methodical, organized and at the same time flexible and accommodating to the language needs of her students. Her personality is very pleasant and personable. Her experience working with clients from different cultures is admirable. During our sessions she has always created a comfortable atmosphere which aids in the process of learning a new language. I appreciate her professionalism and her attention to detail.

Through these past few months, my grasp of the Polish language has improved due to the language lessons with Anna. Her systematic and clear approach has helped me learn Polish in a more thorough way, with better understanding and clarity.

Sincerely,
